ARE PULLING TOGETHER AGAIN

Taft and Roosevelt Fellow-Workers in the Same Political Field

PRESIDENT NEVER TOOK ANY PART

In Plans to Defeat Roosevelt for Temporary Chairman of Coming New York State Republican Convention—Party Leaders Rebuked—New York Republican Organization Misrepresented the President's Attitude.

New York, Aug. 22.—President Taft and ex-President Roosevelt are again fellow workers in the same political field. The threat that Roosevelt might pull apart has been forewarned by a full explanation on one side and an unreserved acceptance on the other.

Advised the Full Conference with Roosevelt.

The president makes it plain in a letter given out here today by Lloyd C. Griscom how the misunderstanding arose. He explains that he never took any part in committee work to defeat Mr. Roosevelt for temporary chairman of the coming republican state convention. The contrary he explicitly denies. The results of the committee meeting which chose Vice President Sherman, he rebukes the party leaders who have permitted to go abroad uncontradicted that the president of the United States was behind their factional preferences. He states that at every opportunity he advised the fullest conference with Colonel Roosevelt and he explains that he has been pained by the "columns of unfounded assertions in the newspapers concerning my attitude in respect to the New York situation."

Ex-President Much Pleased.

For his part, Colonel Roosevelt, when he read President Taft's letter, as communicated to him at Oyster Bay, said:

"I am very glad to see President Taft's letter and am pleased with it."

INVENTOR THOMAS EDISON'S MESSAGE TO MILWAUKEE

The Dollar-a-Day Man Can Now Have His Own Home.

New York, Aug. 22.—"My message to Milwaukee is that there is a great opportunity."

In these words, Thomas A. Edison, the inventor, summed up tonight his belief in the new policy of municipal ownership of land and dwellings advocated by the socialist administration at Milwaukee.

"The city can buy the land and build and improve the streets and parks," continued Mr. Edison. "It can build houses for the poor, and sell the houses on installment at one-fourth of the market value. The people are now paying in rents. In this way the city spends nothing and the working people will spend only one-fourth what they are now paying for unsanitary, uncomfortable and wretched places of residence."

Mr. Edison was speaking to Walter Thomas Mills, special commissioner in Milwaukee. Commissioner Mills said he believed in the plan and was now in the special phases of municipal ownership abroad.

HARTFORD BOY STRUCK BY MOTOR CYCLE

Skull Fractured, Besides Other Injuries—Dying in Hospital.

The boy's skull is believed to be fractured and he has other injuries. At St. Francis' hospital to which he was taken, his death is looked for. The boy was riding on the back of a motor cycle when it was struck by the car of Bator.

Great Sensation in Panama Political Circles.

Panama, Aug. 22.—It was stated at the American legation today that the United States government would consider unconstitutional the election by the national assembly of Acting President Carlos Mendoza as president of the republic of Panama to fill the term of the republic of Panama for the term of the late President Obaldia. This statement, coming so close to the time for the meeting of the assembly to choose a president, has created a great sensation in political circles.
